Serial No. 09/914,224

- The deposit will be maintained for a period of 30 years from the date of deposit or for the enforceable life of any patent issuing from this application or for a period of 5 years after the date of the most recent request for the furnishing of a sample of the deposited material, whichever is longest.
- The deposit will be replaced should it become contaminated or no longer viable.
- Subject to 37 C.F.R. § 1.808(b), all restrictions imposed by the depositor on the availability to the public of the deposited material will be irrevocably removed upon the granting of a patent issuing from the above-identified patent application.
- Access to the deposited material is permitted during the pendency of the above-identified patent application to one determined by the Commissioner of Patents and Trademarks to be so entitled under 37 C.F.R. § 1.14 and 35 U.S.C. § 122.

I further declare that all statements made herein of my own knowledge are true and that all statement made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 101 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
